### Fire Protection Rates Explained By Commissioners

The Board of Fire Commissioners of the Lemon Grove Fire Protection District have asked the Lemon Grove Review to publish the following on pertinent facts concerning its budget, which it hopes will clarify the necessity for the tax increase of .05c per \$100.00 assessed valuation.

(1) An additional permanent fireman has been added to the Department.

(2) The general reserve fund has been increased in order to take care of the period from the end of the fiscal year, July 1, 1953 to the time of receipt of tax funds from the County Auditor the following December.

(3) Additional fire plugs, hose and equipment are also included in the budget.

The above improvements are necessary in order to comply with the National Bureau of Fire Underwriters recommendations, which will insure maintenance of the District's excellent fire rating. (This rating has meant the reduction of fire insurance rates of .33c to .57c per \$100.00 assessed valuation.) This means that the net cost to the average home owner for adequate fire protection is about .15c per \$100.00 assessed valuation.

The importance of maintaining our excellent rating can be seen when the net cost of fire protection this year is compared with the net cost last year of .43c per \$100.00 assessed valuation, the higher cost last year was due to the fact that no rating had been established at that time.

The Fire Commissioners suggest that local residents confer with their fire insurance agents in order to make certain that they are receiving the benefits of the new rating the Lemon Grove Fire Protection District received earlier this year.

We wish to thank the Lemon Grove Review for their excellent co-operation in publishing the business of the Lemon Grove Fire Protection District.

Signed: Channing Mason, Chairman.  
Tom Parsons, Sec.  
Paul Tilton.

### "Eileen" To Go To M.H. Boards This Month

"My Sister Eileen" will be staged at the Monterey Heights School auditorium by the Heartland Players, on Nov. 14 and 15 at 8:15 p. m. Starring in the leading roles lovely Christine Medeiros, as Eileen, and Cynthia Spry, as her older sister Ruth.

The play is a rollicking comedy with the girls getting themselves involved with a fony landlord, The Brazilian Fleet, and dozens of other odd characters they meet in Greenwich Village. Unknowingly they rent an apartment which is accessible to peeping toms, has a tunnel being blasted for the subway just beneath it, and a past that won't stay buried.

There is never a dull moment with Apollolous, The Wreck, and Helen, played by Dave Hentigan, Alan Batchelder, and Vini Sozzani, taking advantage of the girls whenever possible.

Ruth finds real romance when she meets Robert Baker, played by Herbert Fullford, who befriends her and finally falls in love. While Eileen with her many male pursuers is constantly in and out of difficult situations, which keeps the play in a lighter vein.

These are just a few of the highlights in "My Sister Eileen." Tickets may be purchased through Beverly Hentigan, H6-3178, Todd Ballantine, H6-3917, and Walter's Jewelry in Lemon Grove.

### Lane's Opening Like "Xmas Tree"

It'll be "Xmas morning" for lucky ticket holders at the opening of Lane's Shoes, Inc. when the doors of this new store opens Friday at 7763 Broadway.

Door prizes will include a bicycle, a set of table silver and a man's suit. Drawing will be held Saturday and winners posted at that time. Presentation will be made at 5:30 Monday evening at the store amid popping of photographer's lights.

The opening marks the culmination of the expansion plans of Roy Lane, one of the Grove's progressive businessmen.

The new shop will feature nationally known shoes for the entire family. Grace Walker shoes for women, John C. Roberts shoes for men and Red Goose shoes for children are among the lines handled.

### BULLETIN!

All schools in L. G. District will be closed next Tuesday, Nov. 11, in observance of Armistice Day.

### SPRING VALLEY SANITATION DISTRICT FORMED

Spring Valley now has a Sanitation District following approval Wednesday of the County Board of Supervisors.

Formation of the District was approved by voters in the area in a special election in mid-September.

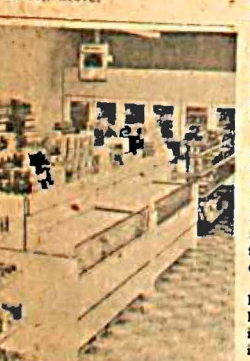

The La Mesa, Lemon Grove and Spring Valley Irrigation Board, county public health department, State Water Pollution Board and County Sewerage Survey Board of Engineers all recommended the district.

The Supervisor's vote was 4 to 1 with Supervisor Dean Howell opposing.

### AN EDITORIAL ON UNIFICATION

The Review thinks the Lemon Grove School District should be unified.

This Review feels that the benefit of community education control through high school is mandatory if we accept the responsibility of guiding our children through the formative and dangerous years into good humans and good citizens.

Strong forces oppose unification. There are those who state they're against it because: a) The district is too small, b) it is too costly. Responsible authorities have told those who attended public meetings, time after time, that it will not cost us more to unify. The only way it can cost more is for us to vote to spend more. This must be done at an open election.

Those who hold that we are too small simply have not awakened to the realization that Lemon Grove has passed the "crossroads" stage.

The only organized resistance to unification comes from that group which wants to "wait and see." This group aided the perpetrators of the recently distributed "petition." In spite of this, the Review has published material submitted by this group. The Review stands flatly for unification but will continue to publish information on all sides of the proposition so that our community may be fully informed.

We strongly urge all citizens to attend the official public hearing on unification November 19th at San Miguel School. Time is 8 p. m. Then there will be no doubt in your mind as how to vote at the special election December 5th.

### JR. HIGH SCHOOL PROJECT APPROVED BY FEDERAL AGENCY

Approval of the Lemon Grove Junior High School project was received this week from the associate director of Federally Affected Areas, Federal Security Agency. The project, in its entirety, will now be submitted to the Federal Housing and Home Finance Agency in San Francisco. As soon as this group check the district plans for the school with the description of the project, bids will be published. It is hoped that this will be accomplished in the very near future, possibly late this month.

The plans, drawn by Sam Hamill, district architect, consist of 6 regular classrooms, a home-making building, an industrial arts building, a multi-purpose room, music room, shower and locker rooms, and reversion or reconstruction of five existing classrooms on the site, as well as the kindergarten unit.

The project will include also site development, fencing, drainage, paving, irrigation lines, and play ground equipment. Because of the great number of federally-employed people residing in this area, the district is eligible for some federal funds to provide schools for their children. These funds from the federal government are given to

overcrowded districts and there is no repayment on the part of that district. State money is regarded as a state loan under the state school building program. Approximately two-thirds of the funds for the proposed project are federal and one-third state.

Mangano Gives First Trip Report

Ted Mangano, who is co-owner of McGuire and Mangano, on Broadway left last month for an extended visit in Italy. Prior to his leaving he promised the REVIEW that regular letters would keep us posted concerning his whereabouts. The REVIEW is pleased to report that Mangano arrived safely at Gibraltar. The following letter is the first one to arrive in this community and it says:

"Hello Max and everybody. Here I am in Gibraltar. I will arrive in Italy in a couple of days. The weather has been wonderful and the food on this ship is excellent.

"You will hear from me later. Friend, Ted Mangano."

### A SIX MILLION DOLLAR INDICTMENT

This is an open letter to the business-folk of Lemon Grove. It is an indictment of lack of foresight on the part of practically every person engaged in business in the community.

It is a charge of letting six million dollars yearly in retail sales slip away. These sales will go to Encanto. Six millions in yearly sales could bring Lemon Grove a prosperity undreamed of by the most optimistic business head. Six million can be added to Lemon Grove's annual sales with a very little effort. . . if there is a concerted effort immediately by the community's leaders.

The sales will come from 1200 Lomita Homes, a Title 9 Housing Rental Project recently started at the edge of Monterey Heights. Lomita Homes is situated on Jamacha Road and Skyline Drive. Jamacha Road feeds directly into Encanto. 1,200 family will spend \$4,000 each per year. That is a total of six million dollars in retail sales.

Lemon Grove is closer, has better retail outlets and more parking facilities than Encanto. Roads connecting Lomita and Lemon Grove are bottlenecks, however. Both Skiline Drive and the Englewood - Alton-Cypress routes are tortuously narrow, winding and inadequate. All that need be done to pull the sales traffic to Lemon Grove is straightening out and widening one or more of these roads. There is a lot of unimproved property between Monterey Heights and Lemon Grove. Accessibility will never be cheaper.

W. R. Hawn, vice president of Hawn and Neece, sponsors of Lomita Homes, told the Review that Lomita would eventually have a shopping center, but as matters now stand, Lemon Grove is geographically logical as the Lomita shopping center but that in his opinion most of the business would go to Encanto.

Business heads certainly must realize that this traffic once channelled away from the Grove will be irrevocably lost.

The Review recommends that an extraordinary meeting of your Chamber of Commerce be called. The Merchants' Division should be able to supply facts, figures and plans at such a meeting if they do not already have such. Every business firm, members or not should attend, and plans be laid to overcome the obstacle that stands in the way of continued prosperity for Lemon Grove.

MAX GOODWIN.

### Immediate Development for Sprouse-Reitz Seen

Richard F. Dwyer, president and general manager of Dwyer-Curtlett and Co. of Los Angeles, and Frank O. Root have confirmed the reported purchase of 100 foot frontage by 218 foot depth on Broadway, just west of Main Street, in Lemon Grove. The story was carried in last week's Review.

The property was purchased through George Castel Realty Co. of Lemon Grove for immediate development, Dwyer said. A 70 foot frontage store building, with mezzanine, will be constructed for Sprouse-Reitz Stores on a long-term lease. The balance of the property will be developed into other store space.

Ample room will be allowed for parking facilities. Dwyer and Root have completed a number of chain stores in El Cajon, Chula Vista, National City, Oceanside and other San Diego County cities, as well as cities of Los Angeles and Riverside counties, for such firms as Sprouse-Reitz, Mode O'Day, Galien Kamp and Karl shoes.

"The commercial growth of Southern California must keep abreast of the amazing population influx," Dwyer said.

"During recent conferences in the East, I found conservative bankers and insurance investors ready and willing to back this area to the hilt."

Dwyer-Curtlett and Co. is placing mortgage loans in excess of a million dollars per month, Dwyer stated.

### Unification Meet For Monterey Heights Monday

A special meeting on Unification will be held Monday at 8 p. m. at the Monterey Heights School. This meeting is being held expressly for Monterey Heights residents and the meeting is to cover pertinent facts of unification of the Lemon Grove School District.

The meeting will be held under the guidance of the Citizens' Advisory Committee and will deal only with problems pro or con on the subject of local unification and alternative proposals.

Survivors are her husband, Dwight W. Peterson; a daughter, Sheryl Peterson; a son, Ronald Peterson; her parents, Mr. and Mrs. Henry Millar, all of Lemon Grove, and two sisters, Mrs. R. B. Johnson, of El Cajon, and Mrs. H. G. Whitman, of Lemon Grove.

### L. M. School Board Position in Unification Clarified

Much information has been published concerning the various unification proposals in the Grossmont District. Because of the complexity of this problem a certain amount of confusion has arisen through statements and reports that appear to be in conflict. It has been the intention of the Lemon Grove School Board to present only factual information on the proposal to unify the Lemon Grove School District. For this reason we wish to call attention to a bulletin distributed through the schools October 29, entitled "A Report on School Unification by the Citizens' Advisory Committee."

This statement was made in answer to a question, "La Mesa has agreed to assume all outstanding high school bonds for the entire Grossmont High School District." It is true that the La Mesa School Board agreed to recommend assumption of all high school bonds as part of their unification proposal. This statement should not be misunderstood, however, since a vote of the People on December 5, in the La Mesa School District, will be required before this bonded indebtedness will be assumed. It should be noted further, however, that La Mesa School District has a very strong incentive for assuming this bonded indebtedness because if it does not "assume bonds" the new unified district will have to carry a double bonded indebtedness in order to qualify for additional State aid.

This explanation is made in keeping with our intention that only facts can be supported will be presented to the people of the Lemon Grove School District concerning the unification proposal.

Many weeks of untiring effort, by coaches and players—hammering and forging a football machine, blossomed victoriously last Friday into a team the like of which hasn't been seen during the past several decades. A team with the ability and performance that made football the great game it is to be.

The crushing Highlander 26 to 7 win over the powerful, smooth operating favorites, revealed it, was anything but an upset, as the dopsters were so ready to cry. It was top coaching that molded a bunch of clumsy, fumbling kids into a top-flight unit.

By Jerry Dougherty

The property was owned by Frank Santa who was represented in the sale by Furlough and Associates. Lighthart negotiated for Carpenter.

The development follows considerable effort on the part of the Chamber of Commerce, through its industrial development committee, to assist bringing such ventures to Lemon Grove. The Chamber, in a letter to the County Planning Commission, had heartily recommended the rezoning request. The Chamber also recommended the widening of street setbacks 20 additional feet on Grove and 10 more on Imperial. This has been agreed to by the Carpenter interests, Lighthart said.

Sponsor of the street widening was Roy Nielsen, local investor and realtor. Nielsen, who worked with the Chamber on the project is said to have an eye toward the development of Windsor Hill into which Grove Street will feed. Eventual connection of Lemon Grove to La Mesa via Grove Street over Windsor Hill is believed to be Nielsen's interest in the street widening requirements. Should such a project come into being it is believed that the undeveloped area between Grove and the town center will become fully industrialized.

### Mrs. Isabel Peterson Grove teacher, passes

Mrs. Isabel M. Peterson, 43, a retired school teacher, died Tuesday night at her home at 7527 Church St. in Lemon Grove.

She taught 18 years in the Elementary School District before retiring 7 years ago.

Survivors are her husband, Dwight W. Peterson; a daughter, Sheryl Peterson; a son, Ronald Peterson; her parents, Mr. and Mrs. Henry Millar, all of Lemon Grove, and two sisters, Mrs. R. B. Johnson, of El Cajon, and Mrs. H. G. Whitman, of Lemon Grove.

Dave Cunningham, assistant manager and Bud Stewart, manager of McMahans look at the flock at Adam's Turkey Ranch, Palm Avenue, La Mesa. The ranch raises about 8,000 birds per year. Turkeys will become part of McMahan's annual Thanksgiving promotion after they are dressed and made oven ready. Birds will be given to purchasers of specified living-room, bedroom, and dinette sets during the event.

On Thursday, November 20, a turkey will be roasted in a public demonstration of major appliances in the store and it to be eaten by the public. The demonstration will include automatic washers, dryers, and sewing machines in addition to the electric stove demonstration, Stewart said.

## Kearny Depending On "Let Down" To Win Powerful Line Wrecks Loma Machine

Helix kick-off to the 9 yard through defense to smear the line was returned by Point Loma for a five yard loss. A 39, a pass play was good for a touchdown. They made the extra point and the final score: Helix 26, Point Loma 7.

Helix took over on their 20. Merk slammed for a yard. His pass went incomplete. The line opened for Karl Jordan to plunge to the 31. At left guard Merk picked up one. Karl Jordan over center to the 34. Merk reached back on a pass attempt. With good downfield blocking Merk raced to the 42. Jordan picked up two at center. Merk went for three, his pass on the next play incomplete. He punted into the end zone.

From their 20 the Lomans smashed at right tackle, held for two by Fackrell and Crawford. Bonilla and Don Bender stopped a left end sweep on the 35. Kennison grounded his man on the 44. Crane and Herald allowed one yard on a line buck. Davies and Ehrbridge broke-up a one yard center plunge. Bonilla dropped a Pointer on the 26. Hard tackling by Fackrell, Crane and Herald stopped a right guard charge on the 23 of Helix. Fackrell shot through defense nailing the runner for a four yard loss. A pass receiver downed by Kennison on the 20 at the gun for the first period.

Helix from their 20, the line charging like wild horses, forced an opening for Karl Jordan, who lunged four yards. Again the line led a fierce charge for Karl Jordan, who with good downfield blocking raced to the Loma 42. Merk thrashed to the 38. Karl Jordan on a fake reverse found right guard slot open and scampered to the Loma 29. The right side of the line opened for Merk to slash six yards. Jordan was held for two, while Merk rocketed through right tackle to the 16, and Jordan drove to the 15. Merk reeled off six to the 9. Helix lost four. Jordan held, no gain. Merk's pass attempt smothered for 12 yard loss, but he raced right back through right guard to the Loma 10. His pass try failed.

Point Loma from their 10 got five yards then stopped by Gardner. Kennison held on the 25. Stemen and Gardner knifed

Ken Maynard did more. He developed in the person of Ernie Merk, a star player, and star material in the persons of Carlos Fackrell, tackle; Tom Kelly, half; Karl Jordan, half; Bob Lebb, quarterback; Bruce Ben-Jordan crashed over to the 12, center; S. ## District Size Comparison For Unification Vote

On December 5th citizens of the Lemon Grove School District will have an opportunity to vote on the proposed unification plan for the district. One question which has been raised in many districts is the question concerning the size of the district as compared to other unified districts in the state.

The following official statistics are given to the voters in an attempt to show the relative size of Lemon Grove.

There are at present 63 unified school districts in the state. Of these, 20 boast over 3000 pupils, while 43 of the districts have less than 3000 students. If Lemon Grove should unify, the district would rank 21 in size in the state. Only one-third of the schools would have a larger enrollment.

At the high school level, there are now 245 districts. Only 100 of these schools have more than 700 pupils. Lemon Grove would

have approximately 100 students in its high school by next year. That would mean that 30% of the state's high school districts would be smaller than the one proposed here.

At the local level the picture is about the same. Five unified districts exist at present in San Diego County. Mt. Empire last year had an enrollment of 491; Ramona, 594; Vista, 1884; Coronado, 2016; and San Diego City, 55,000. Lemon Grove, under the unification plan, would have an enrollment of about 3,000, an enrollment larger than any district now unified with the exception of San Diego City.

## Tomatoes Are Cheaper At Piggly Wiggly

In an advertisement in the Review last week large, slicing tomatoes were advertised at the Lemon Grove Piggly Wiggly at 13c per pound. Actually the price should have been 2 pounds for 13c.

The pricing was inadvertent but leads the Review to wonder how you can get pounds of anything for 13c, cost of living being what it is.

## New Books At Grove Library

The Lemon Grove branch of the San Diego County Free Library had a new shipment of books this week. Included are many new fiction, non-fiction and juveniles volumes in the array. To newcomers, a hearty invitation is extended to come in and browse around, and avail themselves of the services, which are free to all living in the county area. This month, the current art showing is the work of Mrs. Helen Stockes, a member of the Foothills Art Association.

Ruth Pedler, local branch librarian, has announced that every third month, the space for paintings is available to Lemon Grove artists, and those interested may contact her at 7810 Golden Avenue.

Mrs. Pedler and her husband have recently returned from an extensive trip north, which included two visits with their son, Samuel III, who recently joined the Air Force, stationed at Parks Air Force base near Oakland. From there, the Pedlers went north thru the redwoods, settling for the major portion of their

time at Wedderburn, "at the mouth of the Rogue River, salmon fishing. Mr. Pedler was fortunate in getting one of the big ones, and since arriving back in San Diego, received a commendation and button from the Chamber of Commerce of the town of Gold Beach, Oregon for his catch. The Pedlers later went over to Crater Lake, Reno, and Lake Tahoe. While Mrs. Pedler was absent, Mrs. Agnes Osgood and Mrs. Ruth Brook conducted the affairs of the library.

## Eisenhower Wins - With Int. School Students

Students from the sixth, seventh, and eighth grades of the Lemon Grove Intermediate School held a mock election on Tuesday. The result showed Eisenhower with 357 votes and Stevenson with 161 votes. Balloting was done by secret ballot in the homerooms, with several candidates and issues appearing on the ballot.

In order to acquaint the students with the methods used under our Constitution in the election of a president, electors were chosen in the various homerooms, and the number of electors was determined by the enrollment. The eighth grade social studies teachers, Harry Butler and Virginia Cornelius, presented an election rally at the noon hour at the school on Monday. Students who participated in the rally were chosen from the homerooms in the eighth grade for their speaking ability rather than for the political party which they favored.

Fred Sanders of 8-2 was Eisenhower, Robert Kinyon of 8-2 was Nixon, Duane Cox of 8-1 was Stevenson, and Willard Rigley of 8-5 was Sparkman. After their campaign addresses to the students, the band joined in the rally, along with cheering students and colorful banners.

An evaluation test on presidential election policy and procedure will be given to the eighth grade students soon. When the children bring these tests home, it has been suggested that adults in the family try it.

## St. John of the Cross To Hold Open House

An invitation is extended to the officials in education, in this area, to attend the open house at St. John of the Cross School during American Education Week. In compliance with all schools an open house will be held November 13, at 8:00 p. m.

A panel by students of the 7th and 8th Grade showing the Voting act will provide the entertainment for the regular Parent Guild Meeting which will follow the open house.

The Room Mothers of the 5th and 6th Graders will act as hostesses and provide refreshments following the Parents Guild meeting. The mothers in charge are Mesdames E. R. Warnemont, J. M. Beatty, J. H. Mathieson, and J. F. Waller.

Everyone is invited to attend the Beginning Square Dances which are being sponsored by the Parents Guild on every Friday night from 8:30 p. m. to 11:30 p. m. Get up a square of your own and come along, or come by yourself and enjoy the friendly informality enjoyed by our pioneers.

## M. H. Girl Scout Schedule Given

After an absence of six months, Bill Newgent, well known automobile salesman, found the lure of Lemon Grove too much to resist and has returned here with plans to make this his permanent residence.  
Bill, a salesman on the new car staff at City Chevrolet Co., moved into San Diego temporarily after establishing a wide acquaintance in this area during the three years he formerly lived here, and now he says he's back in Lemon Grove to stay.  
With Mrs. Newgent and their three children, Skipper, Cindy and Gail, he is making his home at 1690 Drexel Dr., H6-0391.  
To his friends and neighbors, Bill extends a standing invitation for a demonstration ride in the beautiful new 1952 Chevrolet, and residents of Lemon Grove who drop into City Chevrolet's main show rooms at Union and C Sts. in San Diego, will receive from him courteous consideration.

"I especially want to invite the people of Lemon Grove to join me in a ride in the 1952 Chevrolet with Power Glide," Bill said. "There's nothing like it in the way of automatic transmissions, and I know a demonstration will offer convincing proof why Chevrolet is America's favorite car."

copies of which are on file in the office of Jean L. Vincenz, Director of Public Works, and by this reference thereto all said plans, profiles, drawings, typical cross-sections and specifications are made a part hereof.

The said Board hereby determines and declares that serial bonds shall be issued to represent each assessment of the twenty-five dollars or more remaining unpaid after the full expiration of thirty days from the date of the warrant, to represent the expenses of said work and improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next, succeeding the fifteenth day of the next October following their date, and an even annual portion of the principal sum thereof shall be payable by coupon on the second day of January every year after the fifteenth day of next October following their date until the whole is paid. Said bonds shall bear interest at the rate of six percent per annum, interest payable semi-annually by coupon, on all sums unpaid until the whole of said principal and interest are paid. Said bonds shall be issued and the principal and interest thereof shall be paid under and in pursuance of the Improvement Act of 1911 and amendments thereto.

That the contemplated work and improvement hereinbefore mentioned is in the opinion of said Board of more than local and ordinary public benefit, and the expenses of such work and improvement are made chargeable upon the district hereinbefore described, and said Board does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to wit: All that real property in the County of San Diego included within the exterior boundary lines of said district, as shown upon that certain Map bearing project number 624-26 entitled "Plat showing the extent of the territory benefited by and to be assessed to pay the costs and expenses of the construction of sewers in Palm Street, et al, in a portion of the Unincorporated Area of the County of San Diego, Area No. 7," indicating the exterior boundary lines of such district, which map, approved by the Board, is on file in the office of Jean L. Vincenz, Director of Public Works, 4005 Rosecrans, San Diego, California; excepting therefrom all public streets, roads, alleys, avenues and highways. Reference is hereby made to said map, for a particular description of such district.

NOTICE IS HEREBY GIVEN that on Tuesday, the 18th day of November, 1952, at 11:00 o'clock a.m., in the Board of Supervisors' chamber in the City and County Administration Building, 1609 Pacific Highway, in the City of San Diego, California, any and all persons having any objections to the proposed work or improvement, to the grade at which said work is to be done, or to the extent of the district to be assessed to pay the costs and expenses of said proposed work or improvement, may appear before said Board of Supervisors and show cause why said proposed improvement should not be carried out in accordance with this Resolution.

Such protest, if any, must be in writing, and must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and shall be delivered to and filed with the Clerk of the Board of Supervisors in Room 308 in the City and County Administration Building. No other protests or objections will be considered.

That the Clerk of the Board of Supervisors be, and she is hereby directed to cause this Resolution of Intention to be published twice in the Lemon Grove Review, hereby designated for that purpose by the Board of Supervisors.

That the Clerk of the Board of Supervisors be, and she is hereby directed to mail notice of the adoption of this Resolution of Intention, postage prepaid, to all persons owning real property proposed to be assessed, whose names and addresses appear on the last equalized County Assessment Roll, or as known to the Clerk, all in the time, form and manner required by law.

The Clerk of the Board of Supervisors shall, upon completion of the mailing of said notices, file with the Board of Supervisors an affidavit of the compliance with the above requirements for mailing such notices.

That the Director of Public Works shall, after the adoption of this Resolution of Intention, cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet in distance apart, but not less than three in all, notices of the passage of this Resolution of Intention, and when the work to be done is only upon an entire crossing or intersection, or any part thereof, he shall cause such notices to be conspicuously posted in front of each quarter block or irregular block liable to be assessed, and when the work is chargeable upon a district, he shall cause such notices to be conspicuously posted upon all open streets within such district at not more than three hundred feet in distance apart on each street.

On the 7th day of October in the year one thousand nine hundred and fifty-two, before me personally appeared R. Johnson, known to me to be the person whose name is subscribed to the foregoing instrument and acknowledged to me that he executed the same.

## SMOKEY REPORTS

**BOX SCORE OF FIRES IN SAN DIEGO COUNTY**

Fires during past week 7  
Fires to date this season 547  
Fires to date last season 490

Acres burned to date this season 3,573  
Acres burned to date last season 3,970

Structural damage 302,295

**HOWDY FOLKS:**  
The largest wild fire this past week was over near the San Pasqual Valley where some 700 acres were burned over. Luckily there was no structural damage, but at one time it looked like this one might be the real damaging fire of the year. The cause is as yet undetermined, but it started in a very isolated area.

San Diego County was honored last week by a visit from Clare Hende, Regional Forester for the U. S. Forest Service for the California region. Hende was down making an inspection tour of the Cleveland National Forest with Supervisor Walt Puhn. We hope he found everything in shipshape form.

You'll be interested in knowing we've had three hotshot crews made up of Zuni Indians from New Mexico, operating here in Southern California. So many of the firefighting crews used throughout the summer had thought wise to bring these boys from the Zuni Village near Gallup. According to forestry officials these Indian boys have turned out to be wonderful firefighters. The ones here in San Diego County have been stationed at Mt. Laguna, and will remain there through the month of October.

## Students To Get Bus. Experience For Nat'l. Ed. Week

The schools throughout the Lemon Grove School District will observe American Education Week from November 9 to November 15. Last year the country had the largest American Education Week observance in history. This year the schools hope that the week will be even greater.

"Children In Today's World" is the general theme for the national week sponsored by the National Education Association, the American Legion, the U. S. Office of Education, and the National Congress of Parents and Teachers. Daily topics include: "Their Churches," November 9; "Vista La Mesa, and daily Open House at the Intermediate Heritages," Nov. 11; "Their School," Nov. 12; "Their Community," Nov. 13; "Their Opportunity," Nov. 14; and "Their Future," Nov. 15.

The entire community is joining in the observance of the week. For schools in Lemon Grove, businessmen in the community are participating by buying "eds" concerning the week from student salesmen. These ads are appearing in this issue of the Review. Students who helped in obtaining the cooperation of the merchants were Fred Sanders, James Glazebrook, Peggy Macre, Barbara Hentigan, and Gordon Ward. All students from eighth grade English classes at the Intermediate School.

Tentative plans include classroom demonstrations at Golden Avenue School, daily visitations of parents at San Miguel School; visitations and an evening Open House at Monterey Heights; parent visitations to classrooms at "Their Churches," November 9; Vista La Mesa, and daily Open House at the Intermediate Heritages, Nov. 11; "Their School," Nov. 12; "Their Community," Nov. 13; "Their Opportunity," Nov. 14; and "Their Future," Nov. 15.

**Food Sense—Not Nonsense**

Are you a follower of the food faddists? Do you listen to their blarney on the airwaves? Are you influenced by the suggestions of their printed messages? Are you buying their nostrums and gimmicks which are being offered you in scores of ways?

Doctors, nutritionists, Government authorities and others concerned with the public welfare continue to be disturbed over the influence of these faddists. To counteract it, the public is being assured by authoritative sources that a varied, balanced diet of available foods will provide the nutrients necessary for buoyant health.

In order to simplify the planning of nutritious meals, the Seven Basic Food Groups were developed, as an easy-to-follow blueprint. Those who choose foods from each group daily, regularly obtain protective foods that help build sturdy bodies, make minds alert, and produce quick energy.

Featured in the seven food groups are: Meat, fish and eggs for muscle-building protein, essential vitamins and minerals; milk and milk products for calcium as well as protein; bread, flour and cereals (enriched or whole grain) for three B vitamins—niacin, thiamine, riboflavin—and iron, in addition to energy-sparking carbohydrates; buter and margarine for vitamin A and concentrated food energy.

To simplify selection, the fruit and vegetable families are divided three ways: Green and yellow vegetables, high in vitamin A, iron and other essentials for growth, energy and health; oranges, grapefruit, tomatoes, raw cabbage and salad greens, rich in vitamin C (the seasonal fruits, strawberries, and cantaloup and some others also are high in this important vitamin). The popular group which includes potatoes, peas, onions, corn, and other vegetables, and pears, apples, bananas, pineapple and other fruits, lends variety to meals and help round out the dietary needs.

By including foods from these three fruit and vegetable groups every day the diet tally will show that all the required vitamin C has been included; about 1/2 of the vitamin A; 1/2 of the iron, niacin and thiamine; and 1/2 of the calcium and riboflavin. Because of their carbohydrate content they furnish a significant part of the energy requirement.

Known as "protective" foods, these fruits and vegetables help build a defense against disease and infections, provide roughage and are an aid to good vision. Items from each one of the three groups, as well as from the other four of the basic seven must be eaten each day to assure a diet that is adequate, nourishing and health building.
